TWENTY-EIGHTH YEAR NO. 32.

CEDARVILLE, OHIO, FRIDAY, JULY 28, 1905.

PRICE \$1.00 A YEAR.

## A FAC-SIMILE OF THE ORIGINAL LETTER.

Wright & Smith,  
REAL ESTATE AGENTS.  
Office with Cedarville Record.  
Phone 133.

To the Editor of the Cedarville Herald.  
Dear Sir: I am your man of July 27th, your  
letter. The amount (\$25) is what Mr. Siegler advanced to  
me some time ago, before his salary was due.  
What it is a fact that I have advanced  
money to Mr. Wright on two different occasions, it is not true  
that these advances are in any way responsible for the  
shortage of \$25 found by the State Examiner. The two  
advances made to Mr. Wright by me were made last  
year and were paid back by him within a short time.  
I have advanced no money whatever to Wright at any  
time during the year 1905. I make this explanation  
wholly in justice to Mr. Wright.  
Jacob Siegler.

In the last issue of the Herald, a reward of \$50 was offered for the  
copy of the letter published in "The Cedarville Record", under date of  
July 14, making certain statements over Mr. Siegler's signature. This  
reward was offered for the purpose of showing what desperate things  
some men will do to gain their point. Then again it shows the principle  
back of a newspaper that would allow such a thing to be given to its read-  
ers and how much credence can be given its patched up articles.

That Mr. Siegler's name was forged there is no question, either by  
proprietor of that paper, S. C. Wright, or the editor and publisher, J. C.  
Foley, or by a person, or persons, known to them and whom they are  
shielding. Whether the printers copy of this letter was signed or not,  
the article was published over Mr. Siegler's signature, and for which the  
proprietor and publisher are held responsible.

The above is a fac-simile of the only letter Mr. Siegler signed and  
which he still has. Time only will tell whether the proprietor and pub-  
lisher of the "gangs" mouth-piece will produce their letter which they  
published over Mr. Siegler's signature.

The Herald's offer of a reward of \$50, payable to any charitable in-  
stitution in town, still stands. We want the letter.

### DEPOSITORS MEET.

A meeting of the depositors of  
the Yellow Springs bank, was held  
in the opera house at that place  
Monday night.

About one hundred and seventy  
depositors were present and by  
practically unanimous vote they  
agreed to a proposition made by  
former Cashier Puckett, for them to  
take 25 per cent of their claims now,  
25 per cent in thirty days and the  
remaining 50 per cent in six months  
the last to draw interest at 4 per  
cent.

They elected George C. Black, a  
well known farmer and retired  
clergyman, to act as their agent in  
making the settlement.

Mr. Puckett, now hopes to have  
the receivership released and to re-  
open the bank within a short time.

### OPEN AIR CONCERT.

The K. of P. band will give an  
open air concert Saturday evening,  
on the lawn at the rear of the opera  
house, beginning at eight o'clock.  
The lawn will be decorated for the  
occasion with electric lights and  
Japanese lanterns. Ice cream and  
cake will be served, the proceeds to  
go to the band to be used in getting  
a new set of musical instruments.

## A TEXAS LETTER.

Mr. J. B. Lutz of Vernon, Texas,  
writes an interesting letter to the  
Xenia Gazette about the wonderful  
crops in that country and what Mr.  
D. S. Collins, our former citizen is  
doing in the melon business.

Vernon, Texas, July 27, 1905.  
Editor Xenia Gazette:—A few  
months since I read an article in  
your paper written from Memphis,  
Tennessee, stating that Memphis  
was the greatest cotton and cantaloupe  
shipping point in the United  
States. As Texas produces one-  
fifth, and more, of the cotton crop  
of the United States, I take excep-  
tions to Memphis receiving and  
shipping the greatest number of  
bales per annum, as Galveston,  
Texas, receives and ships annually  
2,500,000 to 3,000,000 bales, which  
is more cotton than Tennessee,  
Kentucky and adjacent territory to  
Memphis raise annually, even if  
Memphis got all of the cotton  
raised in the entire states of Ten-  
nessee and Kentucky, which she  
does not get. We have one county  
in Texas (Ellis county), that raises  
125,000 bales of cotton annually.

And when it comes to raising  
cantaloupes, Texas is the largest  
cantaloupe producing State in the  
United States, and Vernon, Texas,  
is one of the largest shipping points  
in Texas for cantaloupes. We are  
in the middle of the shipping sea-  
son at this time, and are shipping  
from 15 to 20 cars of cantaloupes  
a day, and seven to ten of water-  
melons per day. These are all  
shipped by refrigerated express  
cars, and are shipped to Denver,  
Col., Chicago, Pittsburg, Buffalo  
and New York City. Our cantaloupe  
sell in New York City for more  
money per crate than any other  
melon in the United States.

The Vernon cantaloupes took the  
premium at St. Louis last year,  
which gives us a distinction, the  
Memphis melons not excepted.

D. S. Collins, an old Greene  
county boy, is here and has in 15  
acres of cantaloupes and 30 acres  
of watermelons. Din has 15 men  
working for him, and can use at  
this time 15 more. He is getting  
out from 100 to 150 crates a day  
with the help he has, and losing  
50 crates a day more by not being  
able to get help sufficient to move  
his crop at the right time. All the  
other raisers are also losing like-  
wise. They are paying \$1.50 to  
\$1.75 per day for hands to gather  
and pack the melons. There are 40  
threshing machines running in  
this county at this time, which are  
using the most of the idle hands,  
and the melon raisers have to do  
the best they can. The cantaloupe  
season lasts from 60 to 80 days.  
The watermelons last much longer,  
from July 1st to the middle of Sep-  
tember, or some seasons 20 days  
less than this. There is a railroad  
running from Greene county to  
Vernon, Texas, and you can come  
on an excursion on the first Tues-  
day and third Tuesday of each  
month. Come out and see what a  
new country can and is doing.

Yours,  
J. E. Lutz.

## REGULAR SITUATION.

A peculiar situation has arisen at  
Columbus under the biennial elec-  
tion amendment proposition, which  
apparently applies to the treasurer's  
office in this county.

The treasurer will be elected this  
year for a term of two years. If the  
amendment is adopted, as it is al-  
most certain to be, there will be no  
elections two years hence, that be-  
ing the year of municipal elections,  
so that the treasurer elected this  
fall, must serve three years or until  
his successor is qualified in 1908.  
Under the provisions of the state  
constitution, no person is eligible to  
serve either as sheriff or treasurer  
for more than four years in any  
period of six years. It would appear  
that if a man were elected as treas-  
urer this year he would necessarily  
be a one term man, as he would serve  
three years under the first term,  
and would have but one more year  
on his second term under the con-  
stitutional prohibition pertaining to  
that office. It is suggested that  
there would be a vacancy in the  
office after he had served the four  
years, to be filled the same as in  
the case of death.—Fayette County

## THE SHERIFF'S INVENTION

Sheriff Frank Tarbox, of Xenia,  
has been working this week on his  
corn harvester, his plans having  
been submitted to the government  
for patents some time ago. He is  
erecting his machine at the Pierce  
and Phillips shop. It will be so  
constructed that two rows of corn  
can be cut at once. Mr. Tarbox ex-  
pects to get quite an improvement  
over the present shucker used on all  
other machines. Several years ago  
Mr. Tarbox built a machine, though  
rather rough, that worked fairly  
well.

## THE SENTINELS VIEW.

Compared with this town, Cedar-  
ville is a scrappy place. There is  
always some excitement on in home  
affairs. When the people down  
there get tired of throwing bricks at  
the public officials they heave rocks  
at each other. Two weeks ago one  
of the local papers ran an article  
headed, "The Lid is Off," and dis-  
closed the true state of affairs as  
they should not be in a dry town,  
and this paper had a great deal to  
do in making the town dry, too.  
The plain words of the article so  
excited the officers of the village that  
the council meeting broke up in a  
row, showing that at least one brick  
landed. It is a poor week with  
Cedarville when she fails to dish up  
a passage-at-arms.—South Charles-  
ton Sentinel.

## NOT RIGHT AWAY.

The proposed line from Spring-  
field to Wilmington may not be  
built right away according to the  
following skeptical view of the  
situation taken by the Springfield  
News:

Every few weeks Harry Frey of  
this city, finances his proposed trac-  
tion line to Wilmington. Mr. Frey  
has been financing this road so long  
that public takes but little interest  
in announcements made to the effect  
that "So-and-so is being interested  
and will put up the money." The  
road has been financed on paper of-  
ten enough to belt the globe, and  
yet a pick or shovel has never been  
stuck in the ground. Mr. Frey has  
been in the east the past week to  
"finance" the road, and has receiv-  
ed the usual amount of free newspa-  
per advertising. The following  
from the Toledo Blade will explain  
just how this financing of the Frey  
road appeals to those not in a posi-  
tion to know:

"A special telegram to the Blade  
from Springfield says that Harry  
Frey of that city promoter of the  
Springfield and Wilmington traction  
line, has gone to New York to con-  
fer with capitalists. It is said the  
line is to be built by the Widener-  
Elkins syndicate, and that work  
will be started in a few weeks. In  
this connection it is interesting to  
note the agency of the interests  
back of the claim that the Widener-  
Elkins people are endeavoring to keep  
them out of Toledo by the purchase  
of the Toledo, Bowling Green and  
Southern."

Dr. J. W. Dixon, returned from  
Chillicothe, Tuesday after a ten  
days visit with his family and  
other relatives there.

## POPULAR CARTOONS.

The art of newspaper illustrations  
in its present form is a develop-  
ment of recent years. Newspaper  
cartoons have become a most popu-  
lar feature of up-to-date metropoli-  
tan daily papers. The unique and  
catchy drawing now appearing on  
the front page of The Chicago Re-  
cord-Herald is one of the many  
special features of the great paper.  
The Record-Herald has been for-  
tunate in securing one of the best  
young artists in the country to car-  
ry out its popular policy of present-  
ing each day a humorous and good-  
natured cartoon. Mr. Ralph Wilder  
is one of the coming men in news-  
paper work. His success has been  
as pronounced as it has been rapid.  
He shows all of the good-natured  
humor and the brighter side of  
every day common life which has  
carried his work to a very popular  
success. His drawings are on all of  
the various subjects of popular in-  
terest, political and otherwise. Cur-  
rent events are vividly portrayed in  
a way that pleases, yet often giving  
just criticism in a way that does not  
offend. Through his excellent work  
on eastern magazines Mr. Wilder  
first attracted universal attention.  
The Record-Herald recognized in  
him at once a cartoonist of unusual  
promise, and congratulates its read-  
ers on having been fortunate enough  
to engage him.

Make our store headquarters  
when in the city. We check your  
tree, and want you to make our  
place "home" at any and at all  
times.

## PROTECT THE QUAIL.

The wet season has been unfavor-  
able to the quail and unless protec-  
ed these beautiful and useful little  
creatures will not be able to produce  
their usual broods. Every farmer  
should resolve not to kill a quail and  
to do all he can to prevent their  
slaughter by the pleasure hunter  
from the cities. Don't rob their  
nests, but when found leave them a  
shelter of grain or grass, as the case  
may be. Feed them in winter and  
protect them from their enemies  
during the breeding season. Quail  
are invaluable on farms, each one  
being worth more than its weight  
in gold as a bug-destroyer.

FRIDAY JULY 28, 1905.

Federal grand juries seem determined to make the penitentiaries very exclusive society resorts.

If the new explosive "dunnite" proves pretty powerful, it ought to be just the thing for bill collectors.

If Japan will just hurry and take Vladivostok, there will be nothing at all to negotiate about at Portsmouth.

The Weather Bureau is predicting more warm weather. If that is the best it can do, it might as well take a vacation till fall.

Tom Lawson wants to put Mr. Rockefeller in the hands of a receiver. From all we have heard of Mr. Rockefeller, it probably would go pretty hard with the receiver.

A Texas correspondent the other day actually interrupted Secretary Wilson to ask about stamping out the boll weevil. As if the Secretary did not have trouble enough already.

A Montana waiter has patented a device for raising 30,000 bushels of potatoes to the acre. He is waiving his time in Montana. He belongs in Wall Street.

Applications have come in thick and fast by citizens at home and over the country wanting to see our "manure spreader" in operation when we hitch "Maude" and the "Goat."

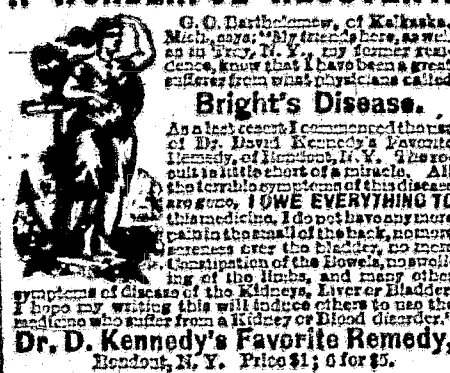

Other towns in the county have their eyes on us as to having no ordinance against "drunks", then again they are laughing up their sleeves as to what a "machine made" administration costs the taxpayers. For instance \$2.00 and no money to pay bonds that are due.

The residents of South Main street have noticed a remarkable change as to the keeping of the peace on Saturday and Sabbath nights by those who usually loaf near the railroad. "Just why this change all of a sudden cannot be explained," says a gentleman a day or two ago, unless the Herald is responsible for it by the publication of the article "The Lid is Off."

There was considerable fun made over Mr. Siegler's speech at the meeting of council some time ago when the village clerk was laid in "the hay" and which time Mr. Siegler demanded the payment of a bond, getting in return the sneers of some of the members of the legislative body. Nevertheless before the week was over council reconsidered their action and very quietly made arrangements to pay Mr. Siegler what was due him, showing conclusively that he knew what he was talking about.

Some papers seem to think that the uncovering of "graft" all over the country in Federal, state and municipal affairs is an indication that there has been more venality under the present administration than in any that preceded it. The slightest reflection ought to convince anyone that this is not the case but that the country now has a president who is not afraid of a thorough housecleaning no matter how much dust is raised in the process. The record is to the discredit of the country it is true, but it can reflect nothing but credit on the administration that is dealing with it fearlessly. From the time of the Cuban postal frauds under the McKinley administration to the present rows in the Agriculture Department and the Government Printing Office, the country at large has been treated to a mass of unsavory revelations. But the grafters both big and little are awaking to the fact that the time has come for a square deal all round. The frauds in the Postoffice Department, the western land frauds reaching from the Mexican to the Canadian line, the leakage of the crop reports, the discoveries of irregularities in the Selwynhill Arsenal and scamped work at the Charleston Navy Yard, are only indication that the government has heretofore been regarded as an easy mark for any one unscrupulous enough to swindle it. If the American conscience has been awakened by a man in the White House strong enough to smoke out the vermin wherever they are found, it would be a poor return to try and

hamper him with warnings that he might burn down the barn in killing the rats. What the country needs is more thorough awakening still. President Roosevelt needs the moral support of every decent citizen in carrying out the work he has undertaken. If he is supported in his work for honesty in the public service, he probably will do a very thorough job by 1908. The grafter is not usually a fool, and when he finds that the penalty of stealing is going to jail, he will respect his neighbor's property rights even though that neighbor be the government. Co-operation is due the President who is seeing things in the proper light.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 60c.

## REGIMENTAL REUNIONS.

On September 18, 1905, will occur the forty-second anniversary of the Battle of Chickamauga. It is proposed to celebrate this memorable event with a reunion of the various regiments that participated in this memorable battle, and, in addition, to hold at the same time a grand reunion of all the regiments that participated in the various battles fought around Chattanooga. This reunion will be held at Chickamauga National Park, September 18, 19 and 20, and the present indications are that it will be the largest and most notable gathering ever held in the South. On the above dates, the remnants from the armies of twelve states, comprising the following: Pennsylvania, Ohio, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Missouri, Kansas and Kentucky, will assemble, many for the first time since they marched from its blood-stained fields, forty-two years ago.

Grand and glorious will be the meeting and all who attend will have cause to rejoice. The lowest rate ever secured has been given the entire public for this occasion, one cent per mile, short line distance.

There is one of the great opportunities for the education of the youth. Don't fail to take your children and show them historic Chattanooga, with all its historic connections. It is the opportunity of a lifetime. Go and see the old war generals and other officers point out the places of interest on the battlefield; let them show you and explain, in person, the matters erected on the battlefield showing the positions of the opposing armies at the time of battle. It will not be long until none will be left to do this noble work; take this opportunity and don't let it escape you. It is worth six months in the school room to any student.

It will be many years, if ever again, that such an opportunity will present itself. See that your tickets read via the Louisville & Nashville R. R. The Battlefield Route. Call on your nearest railroad agent for rates and advertising matter pertaining to the reunion, or write nearest representative of the Louisville & Nashville R. R.

## ALL OVER THE HOUSE.

Hints on Sweeping and the Care of the Broom.  
Brooms that are choked with dust, hair and threads cannot do effective service. They should be kept clean.

Keep a pailful of warm suds in the sink every sweeping day, and as often as the broom becomes dusty take it to the sink, dip it up and down in the pail, shake well and continue the sweeping. Then, when all is swept, wash it once more before putting it away. Not only will the broom wear longer, the suds toughening the splints, but the carpet will look brighter.

Many use a sprinkling of salt before sweeping. While this brings out the color, it gathers dampness. Do not sweep from one side of the room alone. It will wear uneven and shorten its life.

Carpet sweepers should be freed from dust and threads before being put away, and as the brush wears off it should be lowered a trifle. A few drops of oil stops the squeaking of the wheels.

## A House Cleaning Help.

Many housekeepers have yet to learn the value of whitening. It cleans without staining and will save much unnecessary work. For white paint, when the latter is very dirty, it is particularly good. Mix powdered and sifted whiting to a consistency of cream with tepid water. Brush off the paint to be cleaned with a soft, clean cloth and rub the whiting well into it with a coarse flannel. Before the place dries wash it off with clear hot water and a fresh cloth, and rub the surface perfectly dry. Do not try to clean a large surface all at once, for the whiting must be washed off before it dries. Be sure to polish it well at the finish. Rub with the grain of the wood.

## Fireproof Paints.

A good paint is made of ten pounds of finely powdered glass, ten pounds of pulverized porcelain, five pounds of calcined lime and fifteen pounds of silicate of soda. Apply with a brush and let the first coat work in before applying a second. Zinc chloride and sodium silicate are much used, but the chloride volatilizes and the other washes off. A better solution than this, and one that is not much known, is three pounds of alum and one pound of copperas in solution. Apply two coats and add a solution of copperas mixed with powdered clay.

## Genuine Mexican Chili.

Chop the desired quantity of peppers and add ten pounds of ripe tomatoes, peeled and sliced; two pounds of onions, peeled and chopped; four ounces of salt, seven ounces of green peppers, six ounces of brown sugar, one and a half pints of vinegar. Boil all together in a granite porcelain kettle for several hours, or until quite thick, then pack in air tight cans or jars.

## Scrambled Eggs and Onions.

Allow two eggs and a half onion to each person to be served. Put a little butter in the frying pan and put the minced onion in this. Fry until it begins to brown, then pour in the eggs, slightly beaten, and stir until scrambled, seasoning with salt and pepper.

## BLACK DRAUGHT STOCK & POULTRY MEDICINE

This great stock medicine is a money saver for stock raisers. It is a medicine, not a cheap food or condition powder. Though put up in coarse form than Theodore's Black Draught, renowned for the cure of the digestion troubles of persons, it has the same qualities of invigorating digestion, stirring up the torpid liver and loosening the constipated bowels for all stock and poultry. It is carefully prepared and its action is so healthful that stock grow and thrive with an occasional dose in their food. It cures hog cholera and makes hogs grow fat. It cures chicken cholera and keeps and makes hens lay. It cures constipation, distemper and colds in horses, murrain in cattle, and makes a draught animal do more work for the food consumed. It gives animals and fowls of all kinds new life. Every farmer and raiser should certainly give it a trial.

It costs 25c. a can and saves ten times its price in profit.

Prepared and Sold, March 23, 1904.

I have been using your Black Draught Stock and Poultry Medicine on my stock for some time. I have tried all kinds of stock food but I have found that yours is the best for my purpose.

J. S. HARRISON.

## CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. O. C. CROUSE.

The old of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Roschke's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

## WINONA LAKE THIS SEASON

Will be Particularly Attractive for an Outing.

The summer of 1905 is to be an especially attractive season at Winona Lake, the beautiful resort of Northern Indiana on the Pennsylvania Lines. The Pennsylvania General Assembly will convene the May 18th. Noted speakers and musicians have been engaged for the summer entertainments. There will be conventions and social and religious conferences from May until September. The literary representation will be prominent. In brief, it will be a most profitable season educationally. Teachers and students who attend the Summer School will derive much benefit.

Winona Lake has golf links, tennis courts, baseball and cricket grounds, bathing, fishing, swimming and camping facilities. The Pennsylvania Lines run direct to the park entrance. Season and fifteen-day excursion tickets may be obtained from ticket agents of the Pennsylvania Lines. Information about Winona Lake, the season's program, hotel accommodations etc., can be ascertained from S. C. Dickey, Secretary and General Manager, Winona Lake, Ind. 5-18.

## A LITTLE NONSENSE.

Story of a Dandy Whose Name Was the Same as George Washington's.

A Mobile man tells the following story of an odd character in that town who for many years has done a thriving business in hauling ashes. One day, says the Mobile man, he chanced to be in the rear of his house when the dandy in question was preparing to depart with the customary lead. "I've seen you haul away many a load of ashes," said the owner of the house, "but, my good man, during all these years I've never had the least idea of your name. What is it?"

"Mah name is George Washington, sah," replied the old man, with a chuck of his head.

"George Washington, eh?" reiterated the questioner. "It seems to me," he added, with a smile, "that I've heard that name before."

"Reckon you have, sah," came the answer in all seriousness, "cause I's been haulin' 'way ashes from yo' house for more'n ten years!"—Harper's Weekly.

## CONSIDER THIS OUTING.

By far the most attractive trip for health and pleasure the coming vacation season, is that offered by the Seashore excursion Thursday, August 17th, over Pennsylvania Lines to Atlantic City, Cape May and seven other famous summer heavens on the Atlantic Coast.

The fast through trains over Pennsylvania Lines take passengers in a few hours out of heat and humidity of summer to the cool breezes of old ocean. This mid-August excursion occurs in the season for rest when it is most convenient to leave business. Excursionists have the added pleasure of seeing Atlantic City when it is in full tide of the fashionable season. The greatest representative gatherings ever known at any resort are seen at Atlantic City. As many as 50,000 people at one time promenade the famous board walk. The fashionable bathing houses present an unparalleled scene—fully 100,000 bathers in the sea and on the beach.

The healthful effect of the seashore trip is due to the salt and pine. So beneficial has this proved that physicians send their patients there to get the benefit of breathing the pure ocean air.

Special low fares will be in effect for this Seashore excursion. Full information will be freely given by local ticket agents of the Pennsylvania Lines.

Grace—Weren't you very nervous while Jack was proposing?

Phoebe—I should say so! I was so afraid he would be interrupted.

### CEDARVILLE COLLEGE NOTES.

The twelfth year opens Sept. 12th. The college campus never looked more beautiful than now.

Dr. McKinney leaves for Atlantic City Monday, where he will join his family, who are now there.

The canvass for students indicates a good prospect and a larger attendance than that of last year.

Dr. Alford, sent word to the college authorities to re-roof and repair the Alford memorial at his expense. This gift will make about \$2000.00 which Dr. Alford has given the college the past three years.

The outlook for more students than usual from a distance is encouraging. With the Harper endowment fund about complete and an increased attendance, the college is entertaining a new era.

There never was a time in the history of our country, when the demand for graduates from Christian colleges for all lines of work was so great. This demand will naturally increase, and the young men and women, who are taking advantage of college training, will congratulate themselves that they are in line for promotion.

### COLT SHOW.

The Cedarville Horse Company will give a colt show Tuesday afternoon, August 1st, at Jackson's racing track. In the show none of the members of the company will be allowed to show for prizes. A horseman from a distance though not yet selected will be the judge. These shows will be an annual event. The first prize will be a free service fee valued at \$20; second, \$15 on a service fee; third, \$10 on a service fee.

David Lowrey, who has been visiting his uncle in Illinois for the past two months has returned home.

Miss Julia Galloway of Xenia has been the guest of Mr. W. H. Barber and wife the past week.

### LOW FARES WEST AND SOUTHWEST.

Anyone contemplating a trip West may take advantage of the reduced fares for the special Home-Seekers' excursions via Pennsylvania Lines to points in Colorado, Idaho, Iowa, Kansas, Minnesota, Missouri, Montana, Nebraska, the Dakotas, Oregon, Washington, Texas and other sections in the west and in all the states of the South.

Stop-over privileges permit travelers to investigate business openings. These tickets will be on sale certain dates during the summer. Detailed information as to fares, through time, etc., will be freely furnished upon application to local ticket agent of Pennsylvania Lines.—7-15.

Every housekeeper should know that if they will buy Defiance Cold Water Starch for laundry use they will save not only time, because it never sticks to the iron, but because each package contains 16 oz.—one full pound—while all other Cold Water Starches are put up in 8 pound packages, and the price is the same, 10 cents. Then again because Defiance Starch is free from injurious chemicals. If your grocer tries to sell you a 12 oz. package it is because he has a stock on hand which he wishes to dispose of before he puts in Defiance. He knows that Defiance Starch has printed on every package in large letters and figures "16 oz." Demand Defiance and save much time and money and the annoyances of the iron sticking! Defiance never sticks.
